

Taxonomies that address all the knowledge domains for the Engineering Industry — Taxonomies/Metadata Models for Documents, Data, AI, and Knowledge Graphs

The WAND Financial Taxonomy Suite is a collection of the most relevant taxonomies for a financial organization. This collection of taxonomies will accelerate the knowledge within your company and speed up time to delivery for your projects.

The other Taxonomies included with this suite, perfectly round out the necessary terms for all areas of your organization. A list of taxonomies can be found on the right. For a detailed view of included terms, please visit our website at <http://www.wandinc.com/suite/financial-taxonomy-suite>
